

Corrugate Transport Systems Conveyor Warranty

172 W. 9400 South • Sandy, UT • 84070
(801) 566-2028 • Fax: (801) 566-1015

Corrugate Transport Systems warrants that our conveyors are free from defects in materials and workmanship and fit for the ordinary purposes for which such goods are used, under normal installation, use, and service for two (2) years from date of purchase or 5000 hours of running use, whichever is sooner. Corrugate Transport Systems will replace any defective part within the warranty period, without charge, provided:

- The Purchaser gives Corrugate Transport Systems prompt written notice of the defect, including the date of purchase and original purchase order number, which must be displayed on all labels and packing slips returned with merchandise.
- The Purchaser pays for delivery of the defective part to Corrugate Transport Systems for inspection and verification of the defect.
- The Purchaser shall pay all shipping and insurance charges for the replacement part from Corrugate Transport Systems and the cost of installing the replacement part.

This warranty is limited to the replacement of defective parts. Corrugate Transport Systems will not be liable for damages caused by any defect in this unit.

This warranty shall not apply if any failure of this unit or its parts is caused by unreasonable use, lack of maintenance, improper maintenance and/or repairs, incorrect adjustments, exposure to corrosive or abrasive material, moisture causing damage, or any modification or alteration affecting the operation of the unit which is not authorized by Corrugate Transport Systems in writing. This warranty shall not apply to the following items, because they are covered by their manufacturer's warranty, subject to any limitation contained in those warranties.

- | | | |
|--------------|-----------------|---|
| (A) Bearings | (C) Reducers | (E) Casters |
| (B) Motors | (D) Controllers | (F) Belts (unless otherwise agreed to in writing) |

CAUTION: Any attempt to repair such items may actually void the manufacturer's warranty. Any description of this unit is only to identify it and it not a warranty that the unit fits the description. Only an official of Corrugate Transport Systems may make any warranties for Corrugate Transport Systems. Any warranties implied by law are limited in duration to the two (2) year term of this warranty. Except as set forth herein, Corrugate Transport Systems makes no other warranties, whether express, implied, or statutory, including merchantability for fitness or any particular purpose.

LOST OR DAMAGED GOODS: PLEASE READ THESE IMPORTANT INSTRUCTIONS

Shipments should be inspected immediately upon receipt for lost or damaged goods. Any loss or damage should be noted on the carriers receipt (or bill of lading) at the time of acceptance. If items are perceived to be lost or damaged after the shipment has been accepted, it becomes more difficult to file a claim with the carrier if the receipt does not indicate such loss or damage. Do not, at any time, request the carrier to return any items or shipment to Corrugate Transport Systems without previous authorization from our company for such a return. Please notify Corrugate Transport Systems as soon as any loss or damage is discovered. You will need to know a complete description of all lost or damaged items. If replacement items are needed, a purchase order made out to Corrugate Transport Systems will need to be supplied. Corrugate Transport Systems will then contact the carrier's local agent and request that an inspection of the items be performed. This is absolutely necessary. Unless an inspection is performed, the carrier will not entertain any claim for loss or damage. After the inspection has been completed, the carrier will notify Corrugate Transport Systems. If the carrier takes responsibility for the claim, a credit will be issued to you for the replacement item(s), including freight charges from Corrugate Transport Systems, where applicable. If the carrier does not take responsibility for the claim, a representative of Corrugate Transport Systems will contact you.
